

The Family History Library Catalog entry for Cook County out-of-town deaths (<https://familysearch.org/search/catalog/280109>) sends patrons to an online Cook County death index, but it's a bit misleading. The certificates included on the films in this series aren't included in the online index.

They are indexed on the microfilmed series titled *Indexes to deaths in the city of Chicago during the years 1871 to 1933 : showing name, address and date of death* (<https://familysearch.org/search/catalog/293534>) and it might be helpful to patrons if a note to that effect was added to the catalog entry.

Out of town deaths, 1909-1915

I just located an out-of-town death certificate for Benjamin Carrington on film 1298899 but when I try to pull up entries from that film in the online index, there are no matches.

Benjamin actually died in Kankakee so he won't appear in any of the online Chicago/Cook indexes. It would be great if the out-of-town series could indexed and added to FamilySearch!
